

CK5112 VTL CNC Vertical Lathe Machine Turning Equipment

Our Product Introduction

for more products please visit us on lathemach.com

Basic Information

- Place of Origin: Henan, China
- Brand Name: BAISHUN MACHINERY
- Certification: CE ISO9001
- Model Number: CK5112
- Minimum Order Quantity: 1 set
- Price: Negotiation
- Packaging Details: Export standard wooden case package or Negotiation with customers
- Delivery Time: 45 work days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50 Set/Sets per Month

Product Specification

- Machine Name: Machining Turning Equipment CNC Vertical Lathe Machine
- Max. Spindle Speed (r.p.m): 180 R.p.m
- Machining Capacity: Medium Duty
- Spindle Motor Power(kW): 15
- No. Of Spindles: Single
- Max. Turned Length (mm): 1200
- Repeatability (X/Y/Z) (mm): ± 0.005
- Dimension(L*W*H): 2350*2350 *2700mm
- Highlight: VTL CNC Vertical Lathe Machine, CK5112 CNC Vertical Lathe Machine, CK5112 CNC Lathe

Product Description

VTL CK5112 Vertical Machining Turning Equipment CNC Vertical Lathe Machine

Product Description

The CNC vertical lathe, also known as a vertical turning center, is a machine tool used for turning and cutting metal components with high precision and efficiency.

CNC vertical lathe has a vertical spindle that holds and rotates the workpiece. They are widely used in the manufacturing industry for producing large and heavy components, such as gears, turbines, and aerospace parts. They are particularly useful for turning components with a high aspect ratio.

Hot sale Multi-purpose CNC Vertical Turning Lathe is suitable to process ferrous metal, nonferrous metals and partial non-metallic material, and could achieve the processing of turning of the end face, inside and outside cylindrical surface, inside and outside circular conical surface and drilling, expanding, reaming of hole. Main transmission is driven by the spindle AC servo motor, hydraulic gear change and two gears step less speed regulation. Worktable is manual 4-jaw single movement chuck.

Machine Parameter

Model	CK518	CK5112A	CK5116Q	CK5116A	CK5120A	CK5126A
Max. turning diameter of vertical tool rest (mm)	800	1200	1600	1600	2000	2600

Working table diameter (mm)	700	1000	1400	1400	1800	2200
Max. height of work-piece (mm)	800	1000	1200	1200	1250	1400
Max. weight of work-piece (kg)	1500	3200	3200	5000	8000	8000
Range of worktable rotation speed (rpm)	30-260	6.3-200	15-160	5-160	3.2-100	2.2-70
Feeding series	Steps	Stepless	Stepless	Stepless	Stepless	Stepless
Range of tool rest feed (mm/min)	0.25-90	0.8-86	0.25-90	0.8-86	0.8-86	0.8-86
Cross beam travel (mm)	500	650	1200	650	890	1090
Horizontal travel of tool rest (mm)	500	700	900	916	1115	1400
Vertical travel of tool rest (mm)	450	650	750	800	800	800
Size of section of cutter bar (mm)	30*40	30*40	30*40	30*40	30*40	30*40
Main motor power (kw)	11	22	15	30	30	30

Company Introduction

Henan Baishun Machinery Equipment Co.,Ltd is a professional manufacturer, which especially work for Slotting machine, Vertical lathe machine, CNC Vertical lathe machine, CNC Horizontal lathe machine, Roll lathe machine, Gear hobbing machine, Pole erection machine, Shredder machine, etc. With 14 years experience for lathe machines, we have export our products to Peru, Brazil, Chile, Mexico, Italy, Indonesia, Sri Lanka, Russia, and Uzbekistan. etc. Our company attaches great importance to international technical exchanges and cooperation, has introduced advanced technology and craft from United States, Germany, Australia and other countries, establishes the international advanced production lines and first-class modern testing base. Welcome all friends visiting and communicating and cooperating.

Our Services

Our Services

We can provides 7x24-hour online pre-sale service, engineer follow-up order service, and logistics delivery operation service, And also we can provide installation services. In addition, with more than 10 years experience of various markets, we can help customers successfully complete a series of services from purchasing to goods Customs clearance, thereby saving times and also reducing customers' costs in all aspects.

Our advantage:

- 1: With CE, ISO certification.
- 2: Full production tracking.
- 3: Professional engineers can guarantee the highest quality.
- 4: More suppliers as alternatives, guarantee your lowest and competitive price.
- 5: Sales fstaff with more than 10 years experience, will answer your pre-sales and after-sales questions.
- 6: OEM production is available, to meet customer needs
7. Low MOQ (1 unit) is available.
8. 24 hours technical support.
