Basic Information

- Place of Origin: China
- Brand Name: BAISHUN
- Certification: ISO
- Model Number: CW61125
- Minimum Order Quantity: 1 Set
- Price: Negotiation
- Packaging Details: Export standard wooden case package or Negotiation with customers
- Delivery Time: 65 working days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Product Name: CW61125 Horizontal Lathe Machine
- Type: CW61125
- Style: Horizontal
- Max.swing Over Bed: 1250mm
- Max.swing Over Carriage: 920mm
- Max.weight Of Workpiece: 2500kg
- Key Words: Horizontal Lathe Machine
- Function: Steel Metal Turning Lathe
- Power: 11kw
- Color: Blue
- Highlight: 1250mm Horizontal Lathe Machine,
Horizontal Lathe Machine CW61125, CW61125

Product Description

1250mm Manual Lathe Machine Screw Cutting Lathe CW61125 Horizontal Lathe Machine

Product Introduction:

Horizontal lathe is suitable for processing large and medium-sized parts of castings, steels and non-ferrous metals. It can turn outer circle, inner hole, end face, grooving, drilling, boring and nesting, and can turn metric various internal and external threads, such as inch, modulus and diameter.

The bed is made of cast structural bed. The internal ribs have a reasonable layout and high rigidity, and the guide rail adopts an intermediate frequency quenching grinding process. In the sliding guide surface, the anti-crawling guide plate technology is adopted, and the dynamic characteristics such as the friction damping coefficient are in an optimal state, thereby avoiding the occurrence of low-speed crawling.

Key Features:

1. Universal lathe suitable for high-speed steel and carbide cutting tools for different materials.
2. Medium frequency hardened for enhanced hardness and precision.
3. Strong spindle rigidity and supporting capacity for stable machining operations.
4. Large speed range with smooth motion and low temperature rise for efficient processing.

Company Profile:

Henan Baishun Machinery Equipment Co., Ltd. is a professional manufacturer of machinery equipments with a long history. We can manufacturer manual kind of horizontal lathe machine; CNC lathe machine; vertical lathe machine; roll lathe machine; facing lathe machine; deep hole drilling and boring machine, Plano miller, etc. Recent years we have new products, named Pole erection machine with post hole digger, which is very suitable in digging earth & erection of Electrical Poles. This compact solution can be quite useful for Pole erection as it helps in reduction of labour and increases the number of poles erected per day thereby significantly reducing the project time drastically. More safeties are provided in this machine compare to other local pole erector machines.

Our services& advantage:

Our Services

We can provides 7x24-hour online pre-sale service, engineer follow-up order service, and logistics delivery operation service, And also we can provide installation services. In addition, with more than 10 years experience of various markets, we can help customers successfully complete a

series of services from purchasing to goods Customs clearance, thereby saving times and also reducing customers' costs in all aspects.

Our advantage:

- 1: With CE, ISO certification.
- 2: Full production tracking.
- 3: Professional engineers can guarantee the highest quality.
- 4: More suppliers as alternatives, guarantee your lowest and competitive price.
- 5: Sales staff with more than 10 years experience, will answer your pre-sales and after-sales questions.
- 6: OEM production is available, to meet customer needs
7. Low MOQ (1 unit) is available.
8. 24 hours technical support.

Warranty period:

During warranty period (one year), if you have any parts broken because of quality problem, we will supply to you free of charge by express.

Out of warranty period, if you have any question, you can contact us, we will supply our best service to you as usual.

1. Technical support online service provided .
2. Technical files service provided.
3. Machine operation video provided
4. On-site training service provided.
5. Spare parts replacement and repair service provided.
6. All of the questions will be replied within 24 hours
