

Large Size Manual Horizontal Lathe Machine High Accuracy

Our Product Introduction

for more products please visit us on lathemach.com

Basic Information

- Place of Origin: China
- Brand Name: BAISHUN
- Certification: CE, ISO
- Model Number: CW61125B
- Minimum Order Quantity: 1 Set
- Price: Negotiation
- Packaging Details: Export standard wooden case package or Negotiation with customers
- Delivery Time: 45 working days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Product Name: Large Size Lathe Machine Factory Direct Sale Horizontal Manual Lathe Machine
- Model: CW61125B
- Swing Diameter Over Bed: 1250mm
- Swing Diameter Over Carriage: 860mm
- Max. Weight Of Workpiece: 8000kg
- Spindle Bore(mm): 130mm
- Width Of Bed (mm): 755mm
- Key Words: Horizontal Lathe
- Highlight: Horizontal Lathe Machine High Accuracy, Large Size Horizontal Lathe Machine

Product Description

Large Size Lathe Machine Factory Direct Sale Horizontal Manual Lathe Machine

Product Introduction:

CW Heavy Duty Lathe Machine: Your Ultimate Solution for Turning

Our CW Heavy Duty Lathe Machine is the upgraded version of our heavy horizontal lathe. With years of production experience, advanced design methods, and cutting-edge manufacturing technology, it meets the latest national precision standards. This machine combines electrical, automatic control, hydraulic control, and modern mechanical designs to deliver precise manufacturing in various disciplines.

HORIZONTAL LATHE MACHINE

FACTORY DIRECT SELLING/ EXCELLENT QUALITY PROFORMANCE WITH BEST PRICES

Our machine offers high precision, with a minimum unit set at 0.001mm. The X-axis repeat positioning accuracy is 0.010mm, and the Z-axis repeat positioning accuracy is 0.012mm.

With high hardness and excellent rigidity, our machine's guide rails and saddle rails are made from special materials and undergo audio quenching. The hard rail and high-frequency quenching result in superior wear resistance, durability, and consistent processing accuracy.

The machine is highly stable, thanks to its high-strength cast iron construction and the addition of copper and chromium special materials. The bed rail has a quenching depth of 4mm and a hardness of 52° or higher, effectively enhancing wear resistance and stability.

The machine features centralized automatic lubrication for the guide rails and screws, allowing for flexible movement and reducing heat distortion. This ensures precision and stability during operation.

Our machine operates with low noise levels, as the gears undergo precision grinding to improve hardness and reduce noise.

CW61125B Series Lathe Machine(6 tons load capacity):

Swing over bed: 1250mm;

Swing over cross slide: 860mm;

Processing length: it's up to customer's requirements;

Bed width: 755mm;

Load capacity: 6 tons;

Spindle bore: 130mm;

Main motor power: 22kw.

Specification:

Technical items / Model	CW6163 / CW6263	CW6180Q / CW6280Q	CW6180B / CW6280B	CW61110Q / CW62110Q	CW61125Q / CW62125Q	CW61125B	CW61160B	CW61160	CW61200	CW61250
