

## 52/80/105 Spindle Bore CNC Lathe Spindle Machine For Versatile Applications

### Our Product Introduction

#### Basic Information

- Place of Origin: Henan, China
- Brand Name: BAISHUN
- Certification: ISO
- Model Number: CK6180
- Minimum Order Quantity: 1 set
- Price: Negotiation
- Packaging Details: Export standard wooden case package, or as customers' requirement.
- Delivery Time: 45 work days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50 Set/Sets per Month

#### Product Specification

- X/Z Rapid Traverse: 4/6m/min
- Certifications: ISO Certification
- Max.Swing Diameter(mm): 500 Mm
- Tail Stock Center Travel:150mm
- Product Category: Flat Bed CNC Lathe Machine
- Usage: High Precision CNC Lathe
- Max. Length Of Workpiece (mm): 3000
- Highlight: Versatile CNC Lathe Spindle Machine, Spindle Bore CNC Lathe Spindle Machine

## Product Description

### Product Description:

One of the key features of this CNC lathe machine is its exceptional repeatability. The machine is designed to deliver  $\pm 0.006\text{mm}$  repeatability in the X, Y, and Z axes. This makes it ideal for precision machining tasks that require high levels of accuracy and consistency. Whether you are working on a small or large project, this machine is guaranteed to deliver precise and repeatable results every time.

The BAISHUN Flat Bed CNC Lathe Machine is designed to meet the demands of professional machinists who require a high level of performance and reliability. The machine is built to last and is capable of handling heavy-duty workloads with ease. The machine is also designed to be easy to use, making it ideal for both novice and experienced machinists.

The spindle bore size of this CNC lathe machine is available in three different sizes - 52mm, 80mm, and 105mm - to suit different machining needs. The tail stock center travel is 150mm, making it easy to work with long workpieces. The machine is also equipped with a powerful motor that delivers high torque and speed, making it ideal for a wide range of machining tasks.

If you are looking for a high-quality CNC lathe machine that offers exceptional performance and reliability, then the BAISHUN Flat Bed CNC Lathe Machine is the perfect choice for you. This machine is designed to deliver precise and repeatable results with every use, making it ideal for a wide range of machining tasks. Whether you are looking for a new CNC lathe machine or a used CNC lathe machine, the BAISHUN Flat Bed CNC Lathe Machine is an excellent choice that is sure to meet all of your needs. The cnc lathe machine price is competitive and provides excellent value for the money spent. So, if you need a reliable and efficient CNC lathe machine for your business, be sure to check out the BAISHUN Flat Bed CNC Lathe Machine today!

### Features:

Product Name: Flat Bed CNC Lathe Machine

Product Category: Flat Bed CNC Lathe Machine

Tail Stock Center Travel: 150mm

Max.Swing Diameter(mm): 500 Mm

Max. Spindle Speed (r.p.m): 1500 R.p.m

Model Number: CK6180

This high precision lathe is manufactured by top cnc lathe manufacturers and can be programmed for various applications.

### Technical Parameters:

Usage	High Precision CNC Lathe
X/Z Rapid Traverse	4/6m/min
Spindle Bore(mm)	52/80/105
Max. Swing Diameter(mm)	500 Mm
No. Of Spindles	Single
Machining Capacity	Heavy Duty
Certifications	ISO certification
Product Category	Flat Bed CNC Lathe Machine
Spindle Motor Power(kW)	7.5
Structure	Flat Bed Lathe

### Applications:

The CNC lathe machine price is negotiable, and the minimum order quantity is one set. Customers have a variety of payment options, including T/T, L/C, and Western Union. BAISHUN has a supply capacity of 50 sets per month, and the delivery time is 45 workdays. The machine is packaged in an export standard wooden case package, but customers can request a different packaging option.

The CK6180 model has a single spindle and a spindle bore of 52/80/105mm. The maximum spindle speed is 1500 r.p.m, making it possible to perform high-speed machining operations. The CNC spindle motor ensures that the machine operates smoothly and with precision. The repeatability of the X/Y/Z axis is  $\pm 0.006\text{mm}$ , which guarantees accuracy and precision in machining tasks.

The CK6180 flat bed CNC lathe machine is suitable for various application occasions and scenarios. It can be used to machine large components such as shafts, bushings, and flanges. The machine can also be used for turning, drilling, and threading operations. Its precision and accuracy make it ideal for use in the production of high-tech components such as those used in the aerospace and electronics industries.

BAISHUN's CK6180 flat bed CNC lathe machine is ISO certified, and its quality is guaranteed. Its high precision, heavy-duty machining capacity, and single spindle make it a reliable and efficient machine for manufacturers. Contact BAISHUN today to learn more about this machine and how it can benefit your manufacturing operations.

## Support and Services:

The Flat Bed CNC Lathe Machine product comes with comprehensive technical support and services, including:

Installation and setup guidance

Training on machine operation and maintenance

Online and phone support for troubleshooting and technical questions

Regular maintenance and repair services

Access to software upgrades and updates

Customization services for specific machining needs

Our team of experienced technicians and engineers are dedicated to ensuring the smooth operation and maximum productivity of your Flat Bed CNC Lathe Machine.

## Packing and Shipping:

Product Packaging:

The Flat Bed CNC Lathe Machine will be packed securely in a wooden crate to ensure safe transportation.

All necessary components and accessories will be included in the package.

The package will be clearly labeled with the product name and any handling instructions.

Shipping:

The Flat Bed CNC Lathe Machine will be shipped via a reliable and reputable shipping company.

The shipping company will provide tracking information so that the customer can track the delivery.

The customer will be notified when the package is shipped and an estimated delivery date will be provided.

The shipping cost will be calculated and added to the total price of the product.

## FAQ:

**Q:** What is the brand name of the Flat Bed CNC Lathe Machine?

**A:** The brand name of the Flat Bed CNC Lathe Machine is BAISHUN.

**Q:** What is the model number of the Flat Bed CNC Lathe Machine?

**A:** The model number of the Flat Bed CNC Lathe Machine is CK6180.

**Q:** Where is the Flat Bed CNC Lathe Machine manufactured?

**A:** The Flat Bed CNC Lathe Machine is manufactured in Henan, China.

**Q:** What is the minimum order quantity for the Flat Bed CNC Lathe Machine?

**A:** The minimum order quantity for the Flat Bed CNC Lathe Machine is 1 set.

**Q:** What are the payment terms for the Flat Bed CNC Lathe Machine?

**A:** The payment terms for the Flat Bed CNC Lathe Machine are T/T, L/C, and Western Union.

**Q:** What is the certification of the Flat Bed CNC Lathe Machine?

**A:** The Flat Bed CNC Lathe Machine is certified with ISO.

**Q:** What is the price of the Flat Bed CNC Lathe Machine?

**A:** The price of the Flat Bed CNC Lathe Machine is negotiable.

**Q:** What is the supply ability for the Flat Bed CNC Lathe Machine?

**A:** The supply ability for the Flat Bed CNC Lathe Machine is 50 Set/Sets per Month.

**Q:** What is the delivery time for the Flat Bed CNC Lathe Machine?

**A:** The delivery time for the Flat Bed CNC Lathe Machine is 45 work days.

**Q:** What is the packaging detail for the Flat Bed CNC Lathe Machine?

**A:** The packaging detail for the Flat Bed CNC Lathe Machine is an export standard wooden case package, or as customers' requirement.
