

Heavy Duty Hobbing Machine Straight Worm Gear Hobbing Cutting Machine Y31125

Our Product Introduction

for more products please visit us on lathemach.com

Basic Information

- Place of Origin: Henan, China
- Brand Name: BAISHUN
- Certification: ISO
- Model Number: Y31125
- Minimum Order Quantity: 1 set
- Price: Negotiation
- Packaging Details: Export standard wooden case package
- Delivery Time: 45 work days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50 Set/Sets per Month

Product Specification

- CNC Or Not: Normal
- Condition: New
- Type: Gear Hobbing Machine
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: Hot Product 2024
- Warranty Of Core Components: 1 Year
- Core Components: Gearbox, Motor
- Voltage: 380V
- Dimension(L*W*H): 3995x2040x2700mm
- Warranty: 1 Year
- Key Selling Points: Competitive Price
- Weight (KG): 15000
- Power (kW): 18.5

Product Description

Heavy Duty Hobbing Machine Straight Worm Gear Hobbing Cutting Machine Y31125

Product Description

Gear hobbing machine is a machining process for cutting gears, splines, and worm gears on a hobbing machine, which is a special type of milling machine. The gear hobbing machine uses a rotating hob to cut teeth into the work piece, creating gears of various sizes and shapes. It is widely used in the manufacture of gears for various applications such as automobiles, aerospace and other industrial machinery.

Feature:

1. The machine is suitable for large and single production of cylindrical spur and helical gears, worm gears and sprocket.
2. The machine is characterized by good rigidity, high working accuracy, easy in operation and maintain.
3. The machine can be operated not only with forward and backward cutting, but also with axial or radial feed.
4. According to the special needs of users, can be raised or extended tool to expand the scope of the processing machine accuracy.
5. Easy in operation and maintain.

□

Machine Parameter

Specification/Model	Y31125
Maximum workpiece diameter	With small column 1000 mm Without small column 2200mm
Maximum machining modulus	16mm
Maximum machining width	500mm
Minimum teeth number of workpiece	Z least/Number of K hob treads=12
Maximum vertical stroke of tool holder	800mm
Maximum rotation angle of tool holder	±60°
The distance between the hob axis and the worktable surface	Maximum 1000 mm Minimum 200 mm
Spindle hole taper	Morse No.6
Installation hobs allowed	Maximum diameter 245mm Minimum length 220mm
Maximum axial movement amount of hob	100mm
Hob mandrel diameter	Φ22,Φ32,Φ40,Φ50
Distance between the hob axis and the worktable axis	Maximum 1250mm Minimum 100mm
Worktable hole diameter	200mm
Hole taper of workpiece mandrel seat	Morse No.6
Worktable diameter	950mm
Speed step and speed range of the spindle	Step 7 16-125r/min
Rapid movement speed of tool holder slide	520mm/min
Rapid movement speed of worktable	470mm/min
Distance between the work surface and the bearing end face of the outer bracket	Minimum 700mm Maximum 1200mm
Step and feed range (axial feed)	Step 80.39-4.39 mm/r

Company Introduction

Henan Baishun Machinery Equipment Co., Ltd is a professional manufacturer, which especially work for Slotting machine, Vertical lathe machine, CNC Vertical lathe machine, CNC Horizontal lathe machine, Roll lathe machine, Gear hobbing machine, Pole erection machine, Shredder machine, etc. With 14 years experience for lathe machines, we have export our products to Peru, Brazil, Chile, Mexico, Italy, Indonesia, Sri Lanka, Russia, and Uzbekistan, etc.

Our company attaches great importance to international technical exchanges and cooperation, has introduced advanced technology and craft from United States, Germany, Australia and other countries, establishes the international advanced production lines and first-class modern testing base. Welcome all friends visiting and communicating and cooperating.

Our Services

Our Services

We can provide 7x24-hour online pre-sale service, engineer follow-up order service, and logistics delivery operation service. And also we can provide installation

services. In addition, with more than 10 years experience of various markets, we can help customers successfully complete a series of services from purchasing to goods Customs clearance, thereby saving times and also reducing customers' costs in all aspects.

Our advantage:

- 1: With CE, ISO certification.
- 2: Full production tracking.
- 3: Professional engineers can guarantee the highest quality.
- 4: More suppliers as alternatives, guarantee your lowest and competitive price.
- 5: Sales staff with more than 10 years experience, will answer your pre-sales and after-sales questions.
- 6: OEM production is available, to meet customer needs
- 7: Low MOQ (1 unit) is available.
- 8: 24 hours technical support.

Warranty period:

During warranty period (one year), if you have any parts broken because of quality problem, we will supply to you free of charge by express.

Out of warranty period, if you have any question, you can contact us, we will supply our best service to you as usual.

1. Technical support online service provided .
2. Technical files service provided.
3. Machine operation video provided
4. On-site training service provided.
5. Spare parts replacement and repair service provided.
6. All of the questions will be replied within 24 hours
