

Heavy Duty Facing Torno Lathe Machine Manual Floor Lathe Type Conventional

Our Product Introduction

for more products please visit us on lathemach.com

Basic Information

- Place of Origin: Henan, China
- Brand Name: Baishun
- Certification: ISO
- Model Number: C6025
- Minimum Order Quantity: 1 set
- Price: Negotiation
- Packaging Details: Export standard wooden case or negotiation with customer.
- Delivery Time: 45 work days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 50 Set/Sets per Month

Product Specification

- Product Name: Heavy Duty Facing Torno Lathe Machine Manual Floor Lathe Type Conventional
- Max. Length Of Workpiece (mm): 1000
- Range Of Spindle Speed(r.p.m): 16 - 128 R.p.m
- Spindle Bore(mm): 190
- Max. Turned Length (mm): 2500 Mm
- Spindle Motor Power(kW): 15
- Voltage: 380V
- Weight (KG): 10000 KG
- Machine Type: C6025
- Max. Turning Diameter: 2500mm
- Max. Length Of Work Piece: 600mm
- Chuck Diameter: 2000mm
- Keyword: Facing Lathe Machine

Product Description

Product Description

Heavy Duty Facing Torno Lathe Machine Manual Floor Lathe Type Conventional

The face lathe include a large chuck or faceplate to hold the flange securely during machining, a range of cutting tools to accommodate different sizes and shapes of work piece, and controls to adjust the depth and angle of the cuts as needed, and is especially suitable for low speed high load cutting . Featuring high carrying capacity , high rigidity , optimal appearance design and easy operation , it mainly be used in turning neutral mechanical parts with a relatively large diameter , such as tire mold large diameter flange tube plate , turbine parts , end enclosure , etc . And widely applied in chemical engineering, heavy duty machining , automobile manufacturing, mining and railway equipment and aviation parts processing and manufacturing, Normally there are conventional type and CNC type for Choice.

This kind face lathe is mainly used to process large, medium plate and cylinder workpiece such as flange, valve, gland, plate, motor cover, tire mold, etc.

This lathe can be widely applied in the production field of energy, transportation, oil, chemical industry, mining, railway, car making and so on.

1. This machine is mainly suitable for high-speed steel or carbide cutting tools, cast iron, steel, forgings and non-ferrous disc type rotating body metal parts machining.

2. To complete the cylindrical, conical, end, grooving and other machining processes, can meet part of the rough and fine turning.

3. All the gears are with long life and low noise.

Technical Specification:

Machine Parameter

Item	Unit	C6010	C6016	C6020	C6025	C6030
Max. turning diameter	mm	1000	1600	2000	2500	3000
Chuck diameter	mm	800	1400	1600	2000	2500
Max. length of work pieces	mm	200	400	600	600	600
Max weight of workpiece	T	1	2	3	3	5
Power of main motor	kW	11	11	15	15	22
Spindle speed	r/min	8-120	16-128	12-94	12-94	4-40
Spindle diameter	mm	190	200	200	200	300
Feed way of tool rest	Infinitely variable frequency					
Horizontal stroke	mm	320	320	320	320	320
Longitudinal travel	mm	500	800	900	1400	1400
Weight	T	4	5	8	10	17

Company Introduction

Henan Baishun Machinery Equipment Co.,Ltd is a professional manufacturer, which especially work for Slotting machine,Vertical lathe machine, CNC Vertical lathe machine, CNC Horizontal lathe machine, Roll lathe machine, Gear hobbing machine, Pole erection machine, Shredder machine,etc. With 14 years experience for lathe machines, we have export our products to Peru, Brazil, Chile, Mexico, Italy, Indonesia, Sri Lanka, Russia, and Uzbekistan.ect.

Our company attaches great importance to international technical exchanges and cooperation, has introduced advanced technology and craft from United States, Germany, Australia and other countries, establishes the international advanced production lines and first-class modern testing base. Welcome all friends visiting and communicating and cooperating.

Our Services

Our Services

We can provide 7x24-hour online pre-sale service, engineer follow-up order service, and logistics delivery operation service. And also we can provide installation services. In addition, with more than 10 years experience of various markets, we can help customers successfully complete a series of services from purchasing to goods Customs clearance, thereby saving times and also reducing customers' costs in all aspects.

Our advantage:

- 1: With CE, ISO certification.
- 2: Full production tracking.
- 3: Professional engineers can guarantee the highest quality.
- 4: More suppliers as alternatives, guarantee your lowest and competitive price.
- 5: Sales staff with more than 10 years experience, will answer your pre-sales and after-sales questions.
- 6: OEM production is available, to meet customer needs
7. Low MOQ (1 unit) is available.
8. 24 hours technical support.

Warranty period:

During warranty period (one year), if you have any parts broken because of quality problem, we will supply to you free of charge by express.

Out of warranty period, if you have any question, you can contact us, we will supply our best service to you as usual.

1. Technical support online service provided .
2. Technical files service provided.
3. Machine operation video provided
4. On-site training service provided.
5. Spare parts replacement and repair service provided.
6. All of the questions will be replied within 24 hours
