

XH3022 CNC Machining Center 3200x2500x1000mm Travel

Basic Information

Place of Origin: China
Brand Name: BAISHUN
Certification: ISO CE
Model Number: XH3022

Minimum Order Quantity:

Price: USD68000-78000/SET

Packaging Details: Steel PalletDelivery Time: 70 work days

• Payment Terms: L/C, T/T, Western Union

Supply Ability: 10SET/MONTH

Product Specification

Product Name: Machining Center Metal Miling Machine

Tools

• Model: XH3022

Table Size: 1800x3000mmX/Y/X Travel: 3200/2500/1000mm

• Max.Load Capacity: 10000kg

Key Words: CNC Machining Center

Function: Metal MillingMain Power: 22KW

• Highlight: High Precision Gantry CNC Torno,

Heavy Duty Machining Centre, Large Size Gantry CNC Torno

Product Description

High Precision Large Size Gantry CNC Torno Metal Milling Center Heavy Duty Machining Centre

Description:

Double column fixed beam metal milling machining center cnc gantry milling machine has a wide application in various production like plate, box, framework, rough & finish machining, various procedures like milling, boring, drilling, rigid tapping, reaming and countersink machining of machining industry.

X, Y, Z axis servo control, direct coupled structure is adopted in the Taiwan high precision and high intensity of ball screw, screw installation of pre stretching, connecting rigidity, high feed speed; the servo motor directly transferring power to a high precision ball screw, no backlash, ensure the machine tool positioning accuracy. The Z shaft is provided with a hydraulic balancing device, which ensures.

CNC system (FANUC, Mitsubishi, Siemens, wide number) can be selected. The system has perfect and reliable interlocking, safety protection and fault diagnosis and alarm functions, equipped with RS232 communication.

More details:

Service:

- Q: Why Choose Us?
- 1). We are manufacturer with own factory for many years with CE Certification
- 2). With professional design and sales team, we can serve you perfect solution with competitive direct factory price.
- 3). Our machines are popular among customers around the world (India, Pakistan, Spain, Italy, Korea, Mexico, UK etc).

Q: What Is Our Service?

1). Pre-Sale Service

According to the customers' special requirements, we provide the most suitable project design, process design and the purchase program. Guide customers to choose the best and economical plant, recover investment within short time.

2). Sales Service

You are welcome to visit our factory to test the machine. And we will customize the equipment strictly according to your special requirements and arrange the timely delivery.

3). After-Sale Service

We will provide one year warranty for our machine. According to your need, we will dispatch our engineers to your factory to guide the installation, commissioning and training your workers.

Q: How About The Motor?

A: We use domestic Chinese-famous motors,but you can choose Siemens or other brand motor as your requirement.

Q: How long does it take to make a product?

A: It depends on size and type of machine. Normally, small size machine takes around 7-30 days, larger one takes around 30-60 days.

Q: is the machine tested before shipment?

A:Yes, we provide testing videos in factory for each machine before shipment.
